Hi Chuck,

At this time, RB1 has not informed me of any changes to the pretreatment list.

Thanks,

Gil,

We are scheduling the Fortuna PCI and Eureka PCA for later this month. Do you know if there are any additional north coast facilities (RB1) that are being considered in the modification of pretreatment tasks? If so, it would make sense for us to try to coordinate them with this trip. Or, if there is something in RB2 north of the Bay area, that would work as well (Petaluma, Novato, Central Marin...). The modification may not come through in time to include any new tasks, just trying to think practical and be efficient here.

Thanks,
